# Site Information

## Arrival

Great news, we are trialling a new Fast Check-in service on this site during 2023, this means all bookings must be paid in full before arrival and arrivals must have provided us with their vehicle registration number. This means reception will not be operating on this site, however staff will be on hand to support if there are any issues on site during the trial and will continue to maintain the site to offer you the best possible experience. If you need to contact the site team the details will be available in the information room.

## Safety on site

### Fire point

Please check where your nearest fire point is so you can raise the alarm if you discover a fire, make a note of where the assembly point is and read the fire action notice. Fire extinguishers are provided at the fire points. If fire breaks out, follow the Site Staff's instructions. Keep your children safe by making them aware of the danger of emergency services rushing to the scene. In the event of fire, alarm/warning bells are located at each service point. Assembly point is marked on the site plan.

### Dogs and other Pets

You are responsible for your pet's behaviour. Please make sure your pet is under control at all times; dogs must be kept on a secure lead no more than 2 metres long. Please exercise your dog in the dog walk/areas, where provided. We know accidents can't always be avoided, but please clean up quickly and use the dog bins provided.

### Supervision of children

Parents or guardians are responsible for the safety of children in their care at all times whilst on site. Play areas are never entirely risk free, so we ask children are supervised by an adult. Please remember you are responsible for your children on site.

## Vehicles and cycles

For the safety and enjoyment of everyone on site, please keep your speed down. The speed limit on all sites is 5mph; that's 1st gear. Pedestrians always have priority over vehicles when crossing site roads. Please expect that young children may move around your vehicle carelessly, because they have little understanding of road risks, and adapt your driving technique to allow for this.

Please make sure you follow one-way systems and there should be no cycling on site during the hours of darkness.

## Security barrier

There is a security barrier on site. ANPR in operation on site.

## Pitches

### Pitch care

Steel awning pegs are recommended on this site. Please lift awning ground sheets daily on grass pitches.

### Motorhomes

If your pitch is left unoccupied, please leave your motorhome sign on display.

### Vacating your pitch

If you wish to stay after 12 noon on your day of departure, please ask at the reception at Maragowan.

### Barbecues

These are allowed on site but open fires are not. Please keep barbecues off the grass.

### TV reception

Television reception is good with a multi directional aerial (vertical) pointed towards the left hand building, as there is an amplified distribution system. Satellite reception available in some areas. Radio reception only available on Freeview.

### Wi-Fi

Wi-Fi is available. Please visit [camc.com/Wifi](http://camc.com/Wifi) for more information about our Wi-Fi service. On this site it is a Hotspot as marked on map.

## Electric hook-up

The costs of electricity are included in your pitch fee, but please think of the environment by considering your electricity use.

## Parking Guide

### Car and Caravan

### Motorhome

To avoid the spread of fire there must be at least 6 metres between facing walls of adjacent outfits, and 3 metres of space in any direction.

To help us keep you safe please park your caravan or motorhome between the two pitch markers. If you wish to park in a different way, please check with Site Staff.
